We hope you’re enjoying a wonderful summer! Before our regular program starts again, we’d love to warmly invite you to our marameo Late Summer Party – come and celebrate the end of our Summer Program and dive into a new season with us!

From 6:00 pm we’ll welcome you with drinks & snacks in the courtyard.
At 7:00 pm, everyone who feels like moving is invited to join our Community Dance Ses-
sion.

And starting at 8:00 pm, the studio will open for “Unrehearsed – 3 minute moves”: a
spontaneous open stage for short performances of 1–3 minutes.

Tanz Hin, Tanz Her (Dance Here, Dance There)

is a choreographed, participatory performance—a coming together in movement, an ex-
perience in the imagination of back and forth.

Gestures, personal inner images, rhythms, and fleeting moments merge into a shared
whole. The body speaks a universal language that transcends words—a language that
connects the community and enables people to express themselves together.

In this space of encounter, nations, stories, and people come together. The exchange of
movements and experiences creates a lively dialogue that focuses on diversity and com-
monality. The audience is invited to become part of this exchange, to integrate themselves
and contribute their own impulses to the performance.

Tanz hin, Tanz her was conceived in 2017 by Angela Lamprianidou. Since then, the piece
has been repeatedly received with enthusiasm both nationally and internationally – as a
moving experience in which art, community, and cultural histories are interwoven.

OPEN STAGE

We’re inviting you to participate in our first edition of a new open stage format – *unre-
hearsed*.
As performers and of course as our audience for the night!

Are you researching, choreographing, improvising or do you simply want to know how it
feels to perform in front of an audience?

We open our studio for short impromptu performances of up to 3 minutes. You can
choose if you either want to perform in silence, with a random song put on or a song of
your choice that can be found on Spotify.

Registration opens on Saturday on the spot at 6 pm. Our small studio can be used before
to warm up or get into the groove.
